The New Performance Series
QOSMIO X SERIES

FEATURES

Vividly Stunning 17.3" Full HD Display

Experience full combat glory in brilliant detail with the 17.3" ultra-bright 300nits Full HD Clear SuperView LED display, without compromising on performance.

Superior Gaming Performance with 256GB Solid State Drive & NVIDIA® GeForce® GTX 770M graphics processor

Enthusiast-class NVIDIA® GeForce® GTX 770M graphics processor with up to 3GB high performance GDDR5 of video memory puts you up for the ultimate gaming experience. The Qosmio X70 also supports 2D-3D conversion, allowing you to enjoy Blu-Ray 3D videos on your 3DTV via HDMI 1.4a. Enjoy the best of both worlds, with the Hybrid HDD or SSD+HDD* that delivers ultra-fast SSD transfer speed or ultra-huge HDD capacity.

** depending on configuration*

Red Backlit LED Tile Keyboard with Large ClickPad™

Fend off enemies and retain full control in the dark with the brightly lit red LED tile keyboard. The Large ClickPad™ with multi-gesture control supports new Windows 8 edge swipe gestures.

Captivating Entertainment with Quad Harman Kardon® Speakers

Immerse in realistic battle with industry renowned Harman Kardon® speakers, enhanced with DTS Studio Sound™ technology. The customisable equalizer through software optimisation ensures that every combat worthy rustle rings crisp and clear. Toshiba Sleep & Music lets you enjoy your music through the high-fidelity speakers even while your notebook PC is switched off.
